MEDIA KIT

*** * * MARCH 3, 2020 * * *** PRESIDENTIAL PRIMARY ELECTION

MESSAGE FROM THE REGISTRAR OF VOTERS

The March 3, 2020 Presidential Primary Election may be one of the largest and highly viewed Presidential Primaries in the history of Los Angeles County. There will be a lot of change and improvements in this year's Presidential Primary, such as the County's adoption of the California Voter's Choice Act Vote Center model and most notably, the implementation of the County's new publicly owned voting system, Voting Solutions for All People.

This election has over 170 contests, 905 candidates and 48 local measures, two County/Countywide Measures and one State Measure appearing on the ballot. In addition to these election figures, it is critical that voters are well informed on the facts of the new voting experience; something we rely heavily on the media to assist us in providing.

We are committed to ensuring all voters have a secure and positive voting experience. Our department has been working tirelessly to ensure that the voting period and Election Day will enable all registered and eligible voters to exercise their democratic right to vote. This media kit provides a detailed overview of this election, the new options for voters and an overview of the size and complexity of the County's electorate.

Sincerely,

Deanc. Logan

The New Voting Experience

VOTING SOLUTIONS FOR ALL PEOPLE

Los Angeles County Registrar-Recorder/County Clerk | LAVote.net

VOTE CENTERS AND VOTING PERIOD

In L.A. County, we have upgraded from polling places to Vote Centers. Voters now have the option to cast a ballot in-person at any Vote Center in the County. Vote Centers look and feel like polling places, but provide additional modern features to make voting easy and convenient.

A booklet listing all Vote Centers will be mailed to every household in Los Angeles County. For a listing of all locations and hours visit **LAVote.net**.

Why the Change?

The California Voter's Choice Act is a new law passed in 2016 to modernize elections in California by allowing counties to conduct elections under a new model that provides greater flexibility and convenience for voters.

This new election model allows voters to choose when, where, and how to cast their ballot by:

- Expanding in-person early voting options
- Allowing voters to cast a ballot at any Vote Center within their county

More information on the California Voter's Choice Act can be found at **sos.ca.gov.**

BALLOT MARKING DEVICE

The benefits of technology for an easy and accessible voting experience - with a paper ballot.

The Ballot Marking Device makes it easy for voters to customize the voting experience to fit their needs. Voters can access 13 languages, adjust the touch screen to a comfortable angle, change the display settings such as text size and contrast or go through the ballot using the audio headset and control pad.

Security remains a top priority for L.A. County, that's why this device is not connected to a network or the internet. The easy-to-follow instructions can guide any voter through the voting process without the need for assistance.

Previously, voters with mobility or visual challenges were asked to go to a separate voting booth; not any more. The Ballot Marking Device provides all the accessibility features previously available and upgrades them all into one device.

Alternate Ballot Order (Senate Bill 25)

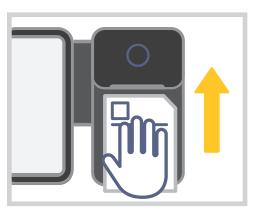

Senate Bill 25 was approved by the Governor on September 29, 2018 requiring the County of Los Angeles to conduct elections using an alternate ballot order. With the implementation of Voting Solutions for All People (VSAP), our new Ballot Marking Device and Vote by Mail ballot will be able to accommodate the changes in the ballot. The new ballot order will begin with City/Local offices and measures and will end with the President and Vice President nominees.

HOW TO VOTE ON THE BALLOT MARKING DEVICE (BMD)

1. Tap to start

3. Insert ballot

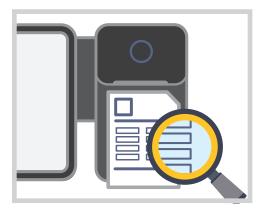

2. Select language

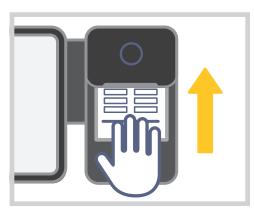

4. Make selections

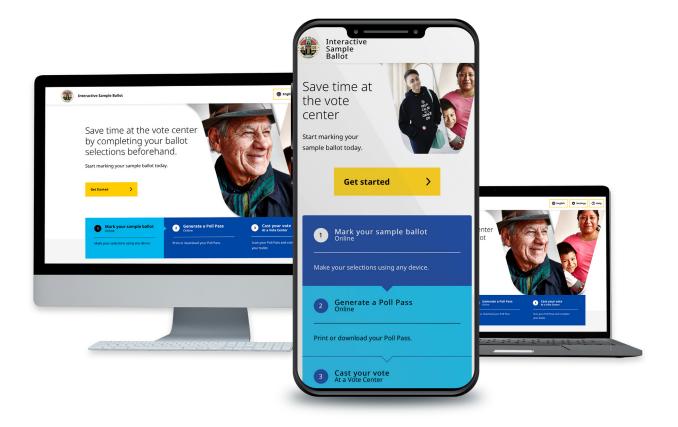

5. Review selections

6. Cast ballot

INTERACTIVE SAMPLE BALLOT

A convenient way to speed up the voting process allowing voters to make their selections before going to a Vote Center.

The Interactive Sample Ballot is a convenient option for voters who want to access and mark their selections prior to arriving at the Vote Center. Using a computer, mobile phone or personal device voters' can review their ballot information and make their selections. After going through the selection process the Interactive Sample Ballot creates a Poll Pass (QR code) – like an airline boarding pass.

At the Vote Center, voters scan the Poll Pass to transfer their selections to the Ballot Marking Device (BMD). Then, a review screen will display allowing voters a chance to make changes or cast their ballot.

ELECTRONIC POLLBOOK

A modern way to check-in and update your registration at any Vote Center in the County.

The Electronic Pollbook (ePollbook) will replace the printed list of voters and will be used by Vote Center staff to verify the registration eligibility of a voter in real time. Additionally, ePollbooks will indicate if a voter has already voted anywhere in the County and will not allow voting at multiple locations.

The voter information on the ePollbooks is not connected to the Ballot Marking Device or the tally system. They remain independent from one another to protect a voter's personal information. Printed ballots do not contain any voter information.

ADDITIONAL VOTING OPTIONS

Vote by Mail (VBM)

LA County has implemented a new and improved Vote by Mail (VBM) packet. The new VBM packet will include a full-face ballot, return envelope, secrecy sleeve and "I Voted" sticker.

We begin mailing VBM ballots to our Permanent VBM voters 29 days prior to Election Day (February 3 for the March 3 Primary Election). Voters who want to request a one-time VBM ballot must do so on/before the February 25 deadline.

To request a VBM ballot please visit **LAvote.net** or fill out the back-side of the Sample Ballot booklet.

Voters can track their ballot's status at LAvote.net.

Vote by Mail (VBM) Drop-Off

We continue to offer VBM voters the option to drop off their ballot in-person in a secured ballot box prior to Election Day. There will be over 200 secured locations spread throughout the County. Drop off locations will be available beginning February 3.

For locations and hours please visit LAvote.net.

Early Voting

Voters do not need to wait until Election Day to cast a ballot. Early voting begins 29 days (February 3) before Election Day. Any registered voter can vote at the Norwalk Headquarters from 8am-5pm, Monday-Friday, and cast a ballot.

Norwalk HQ address: 12400 Imperial Highway, 3rd floor, Norwalk, CA 90650

Conditional Voter Registration

Eligible Los Angeles County residents who miss the February 18 registration deadline for the March 3 Presidential Primary Election can still vote at any Vote Center in L.A. County. Under California Election Law, Conditional Voter Registration (CVR) allows a prospective voter to conditionally register and cast a ballot.

TRANSPORTING BALLOTS FOR TABULATION

On Election Night, ballots from all Vote Centers are brought to the Registrar-Recorder/ County Clerk's (RR/CC) Tally Operation Center (TOC) in Downey for central tabulation.

After the polls close at 8 PM, Election Workers will secure the voted ballots in sealed ballot boxes and account for unused ballots. Election Workers will also separately package Vote by Mail ballots that were dropped off at the Vote Centers and provisional ballots. All materials and quantities are accounted for in the Official Ballot Statement. Then Election Workers transport the ballots to designated Check-In Centers located throughout the County.

Sheriff Deputies transport the voted ballots from the Check-in Centers by car, helicopter or boat to Downey. Ballots come in from as far away as Lancaster, Palmdale and Catalina Island.

Between 10:30 - 11:30 PM a large number of ballots begin to arrive at the RR/CC Tally Operation Center.

Prior to tabulation, all ballots must be checked in, removed from boxes, inspected and prepared for counting.

Ballots are moved to the tabulation center in a continuous flow. There, operators load the ballots onto scanners for tabulation.

CANVASS: FINALIZING THE VOTE

Election Night

After Vote Centers close at 8:00 PM on Election Day, all voted ballots are sealed, secured and transported by Sheriff's deputies to be centrally tabulated at the RR/CC Tally Operation Center: 9150 Imperial Hwy., Downey, CA 90242. Election Night counts include ballots at the Vote Centers as well as Vote by Mail ballots received and processed up until Monday before Election Day.

Finalizing the Official Vote Tally (Canvass)

Counting ballots does not end on Election Night. The RR/CC makes sure all ballots cast are counted. After Election Night there are tens of thousands of ballots that need to be counted, including Vote by Mail ballots received on Election Day, provisional ballots, write-in ballots, and damaged ballots. These ballots are counted during the 30-day period known as the Official Election Canvass. Provisional ballots require additional review to verify voters are eligible to vote and write-in ballots were cast for qualified candidates.

California state law requires the RR/CC to complete and certify the results within 30 days. This provision of the law recognizes the complexity of completing the ballot count and conducting a thorough audit of the election results to ensure accuracy.

The legally mandated processes described above are utilized to guarantee that every eligible vote is counted and included in the official final election returns.

Auditing the Election Results

By law, a random sample of ballots from every election must be manually tallied to verify Election Night machine counts. A minimum of all votes cast in one percent (1%) of the precincts is included in this process, which is known as the 1% Manual Tally Audit. The 1% Manual Tally Audit is open to the public. (E.C. 15360)

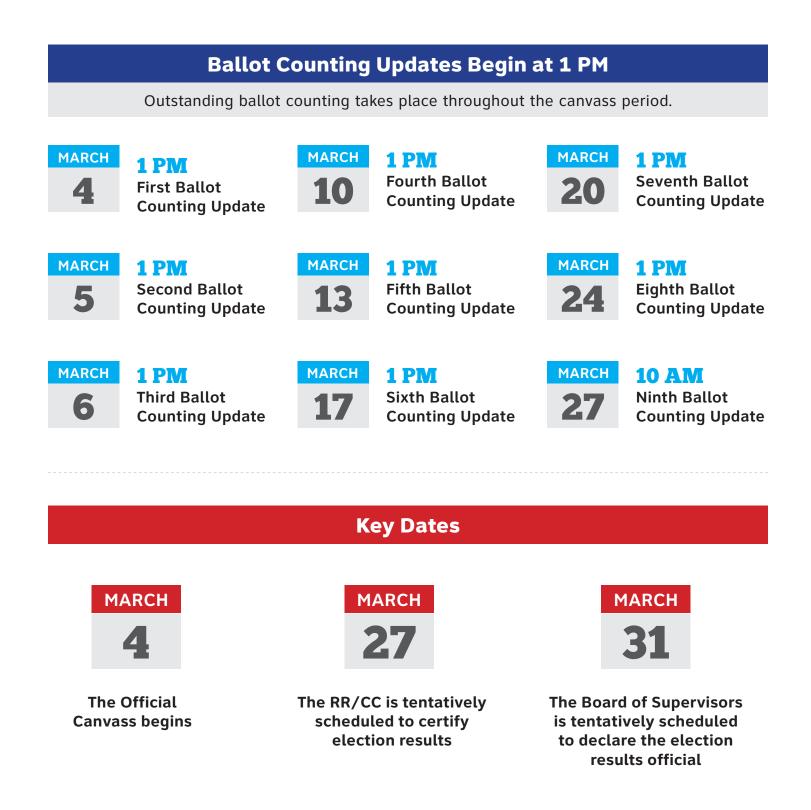

Public Observation

Every citizen has the right to observe the Official Election Canvass process. Candidates and the public are invited to observe the ballot counting and auditing process by joining the Election Observer Program. The program is part of Los Angeles County's commitment to conducting open and transparent elections.

Election observers have the opportunity to observe the logic and accuracy testing of the election systems equipment, Vote by Mail ballot processing, Election Day activities at Vote Centers and Check-in Centers, tally center operations and post-election processing.

To learn more, the Election Observer Panel Plan is available online at LAVote.net.
