Supervisor Mark Ridley-Thomas

Supervisor Sheila Kuehl Supervisor Don Knabe

Supervisor Michael D. Antonovich

Sachi A. Hamai, Chief Executive Officer

FROM: Dean C. Logan, Registrar-Recorder/County Clerk

SUBJECT: WEEKLY STATUS REPORT - JUNE 7TH PRESIDENTIAL PRIMARY ELECTION

This is the first of a series of weekly pre-election status reports issued to inform your Board and the public of our preparation for the June 7 Presidential Primary Election. The information and data included connect to the County's goals of "Operational Effectiveness" and "Community Support and Responsiveness." Additionally, these reports support the Department's ongoing commitment to fair, accessible and transparent election services for the citizens of Los Angeles County.

The report includes updates on important activities related to the conduct of the election and provides statistics related to these activities. The report focuses on five areas of the election process: status of Vote by Mail (VBM) mailing, sample ballot mailing; pollworker recruitment/ training and polling place recruitment; voter registration; and voter education community outreach. In addition, the following *Highlights* section singles out special projects or significant issues to call to your attention.

Highlights

Crossover Voting

Presidential Primaries are especially unique because political parties have the ability to decide whether voters registered as No-Party Preference (NPP) can "crossover" into their party, and vote for one of their Presidential candidates.

For the June 7, 2016 Presidential Primary Election, the American Independent, Democratic and Libertarian parties are allowing "crossover" voting. VBM voters who are registered as NPP and want to vote for candidates of one of those three respective parties can do so, but first need to fill out "crossover" ballot request. NPP voters voting at the polls imply need to request a "crossover" ballot upon checking-in at their polling location.

Voters who are registered as NPP and would like to vote in the June 7 Presidential Primary for a Republican, Green, or Peace & Freedom Party Presidential candidate, must re-register to vote with one of respective parties by May 23, 2016.

The Department is focusing a tremendous amount of outreach and education on this complex issue, including the following elements:

- Creation of dedicated crossover voting webpage
- E-mail blast to 277,970 NPP voters
- Automated call to 315,129 NPP voters

U.S. Senate Contest

There are 34 candidates running for United States Senator listed on two ballot pages. All voters regardless of party affiliation can participate in this contest, but may only vote for one candidate. To inform voters of the importance to review both ballot pages before making a selection, a caution symbol and notifications to voters instructing them not to vote for more than one candidate for that contest is included in the sample ballot, VBM packet, vote recording devices and on the Department's website. Additionally, training is being provided to pollworkers on how to handle questions with a particular emphasis on the U.S. Senate contest.

Will Call Ballot Pickup and Ballot Drop-Off Program

The Department is implementing a new Will Call Ballot Pickup and Ballot Drop-Off Program at 11 locations throughout Los Angeles County to provide voters with an additional voting opportunity for the June 7 Presidential Primary election. Starting May 23rd voters can request a VBM ballot online or over the phone to be available for pick up at a location of their choice beginning May 28th continuing through June 6th. At these Will Call sites, voters will have an inperson option for completing and returning a VBM ballot or pick up their VBM ballot and return by mail or at a polling place on Election Day.

Outreach - Voting While Incarcerated Program

The Voting While Incarcerated Program is one of our outreach programs designed to ensure that those persons incarcerated in Los Angeles County jails who are eligible to vote, can still exercise their right to vote. This program is run with the support and collaboration of the Los Angeles County Sheriff's Department (LASD). LA County Sheriff's Custody Support Services currently oversees the program from the LASD Twin Towers location and serves as the main contact for this program. Additionally, information on registering to vote and requesting a VBM ballot are displayed at all inmate facilities.

Media

The Department has generated a number of earned media opportunities to help promote the election and disseminate important information of interest to voters for this election. The following is a summary of recent earned media opportunities and press releases that have been issued regarding the upcoming election.
