TOUCHSCREEN POLLING PLACE PROJECT

Attached is a list of the polling places for municipal elections being held Tuesday, March 4 in the six cities who are partnering with our Department to bring the Touchscreen voting experience to pollworkers and voters. Please note that Touchscreen Early Voting was not provided in these cities and is offered on election day only.

This list is provided for your convenience should you or members of your staff wish to visit polling places on Tuesday. We look forward to your comments and feedback on the results of this "team effort" with six of the County's cities.
